TESTIMONIALS

Attending MBO online classes is helping me to get my focus back. Being teach i have to be very quick to memorise things and retrieving them at tight time in class. The online class of memory booster and brain gym in quite interesting. I can say that this lockdown become an opportunity to learn something new and to utilise the time. These mnemonics will definitely help me in teaching.

I am very happy to share my experience of learning brain gym exercises IMBO, It has helped me to increase my concentration skills and helped me in developing myself confidence as well. Brain Gym is a must-do for anyone that feels like they want clarity in life, control and boost their confidence. I was not sure at first that I would be able to learn these exercises so quickly but during the workshop, Trainers teach you so well, You won't feel any difficulty to learn these exercises. My though process is now much more positive, motivated and efficient. This experience has truly changed my perspective on how I live my lite. Thank you Gurnandan Jiand Mehak for sharing such an amazing skills with me. I would recommended IMBO Training program to everyone.

Best of Luck, Kavita Raj

I am really thankful to team IMBO for making this lockdown period fruitful by providing online sessions. Ever Since my daughter attended their sessions at school , I aspired to do a course in total brain development. It was a wonderful experience for me to learn with participants of a mixed age group ages varying from 6 years to 42 years . I feel good , younger and more confident. I am sure this will help me as an individual as a mother and as a teacher.
